

Hi,

We are a thriving and dynamic language academy situated in Alicante, Spain called Central Park Languages. Currently, we teach several languages such as English, Italian, French, Spanish and Valencian. We continually hire Erasmus students in order for them to become better equipped English teachers in their future careers. In fact, we have had great experience with Polish students which is why we are interested in finding out if your traineeship students can do an eight month internship instead of four months.

In our languages centre, they will get the opportunity to teach different levels and a wide range of courses. Moreover, they will broaden their knowledge in English and improve in many aspects of their teaching.

- what will be the start date of an internship?

The main date is 1 st of October, at the beginning of the academic year.

Other dates are:

- 7th January

- 1st January

- Summer term (Between June and September)

- from which area studies do you need students? [Education, Translation](#)

- what will be the position of work? [English Teacher](#)

- what will be the working language? [English](#)
